Ratingen, November 28, 2022

- To whom it may concern -

Dear Customer, dear Business Partner,

as a part of our strategy to strengthen our operational performance please be informed that KIDDE-DEUGRA will move its logistics operations to the new Fulfillment Center at the Heidelberg Site by beginning of 2023. Our Headquarter with Sales and Engineering Offices remains in Ratingen but will relocate into a new and more modern office space in Q1/ 2023. Information will follow separately and shortly.

The Heidelberg Fulfillment Center is part of the campus of our sister company Rockwell Collins Deutschland GmbH (RCD). RCD is established in the defense market for over 60 years.

As you may know, our Order Administration and Purchasing are being performed by our Heidelberg team since 2020 already. As of January 2023, the KIDDE-DEUGRA Fulfillment Center hosted in Heidelberg will also be the central point of Receipt, Storage, Quality Assurance and Delivery for all KIDDE-DEUGRA products and repairs, whatever the end user.

The transfer is performed following a detailed and carefully monitored plan aimed at ensuring the continuity of services and the fulfilment of all contractual quality requirements as well as minimizing any impact on delivery schedules.

Therefore, please be aware of the following timeline for your pick-ups, the acceptance of repairs and possible return of material:

- The current location in Ratingen will be active only until December 15, 2022.
- The Heidelberg facility in will be fully open as of January 03, 2023.

We will ensure that all deliveries from the new point of delivery are made in full compliance with all applicable Export Control regulations. Please be aware that the agreed Incoterms will change to the Heidelberg location. The addresses of correspondence with KIDDE-DEUGRA will remain the same.

Delivery Address as of January 03, 2023

Germany

KIDDE-DEUGRA kindly asks your company to support us with the necessary actions. E.g. if you pick up goods from us or deliver repairs, please review the planned transports and notify your logistics partners of the changes. Please inform us should you need any further information to ensure the continuity of deliveries before and after the transfer of our logistics.

We are looking forward to further cooperate with you and apologize for any inconvenience caused. If you have any further questions, please do not hesitate to contact us.

Please proceed this letter to whom it may concern.

Best regards,

Kidde-Deugra Brandschutzsysteme GmbH
